

LGBTQ Support Resources

PFLAG Charlotte is the local chapter of PFLAG, Inc., the nation's largest family and ally organization. PFLAG was formerly known as Parents, Families and Friends of Lesbians and Gays.

Our organization consists of the parents of LGBTQ children (Lesbian, Gay, Bisexual, Transgender, and Questioning), as well as families and friends -- united to share our coming out stories and assist you with yours. Like you, love for our children and loved ones is unconditional.

PFLAG Charlotte offers education and peer support through our monthly meetings or by meeting with parents on an individual basis. Our national website, PFLAG.org, offers a treasure trove of educational and support materials such as free downloadable booklets and extensive resource links.

[Our Daughters and Sons](#) is an educational booklet for parents of gay, lesbian, bisexual, transgender, and questioning children and adults.

[Be Yourself](#) is an educational booklet written with a positive message directed to lesbian, gay, bisexual, transgender, queer, and questioning youth.
